## AUSTRALIA WILL HAVE HUGE CROP

Sir Joynton Smith, Millionaire Publisher, Predicts Record Yield

Traveling to England With Plan to Extend Business Interests

Australia, as well as Canada, is enjoying the prospects of the great crop in her history, according to Sir Joynton Smith, millionaire publisher and promoter of Sydney, New South Wales, who arrived here to-day aboard R.M.S. Aorangi.

"Australia's wool and wheat crop for 1928 will be the most immense which the country has ever produced," said Sir Joynton. "I hesitate to suggest a figure to represent the vast yield. Suffice it to say that we fully anticipate it to be a record in every way."

ON TO LONDON  
Sir Joynton declared that he was pushing across the continent to New York and London and that he would return some time near the end of October to visit San Francisco.

## COCHRANE, ONT. GREET'S PLANE

Two Men Fly There From Illinois on Way to Stockholm, Sweden

Cochrane, Ont., Aug. 16.—The monoplane Greater Rockford, en route from Rockford, Illinois, to Stockholm, Sweden, arrived at this northern Ontario town at 1.40 this afternoon Eastern Standard time (11.40 a.m. Victoria time).

The plane, coming from the southwest, was sighted by a welcoming crowd and after circling the town made a perfect landing on the temporary runway.

Rockford, Ill., Aug. 16.—Bert Hassell, pilot, and Parker D. Cramer, navigator, took off here in their monoplane, the Greater Rockford, at 6.40 this morning Central Standard Time (4.40 a.m. Victoria time) on the first leg of their proposed flight to Stockholm, Sweden.

Vancouver, Aug. 16.—Argument on the validity of British Columbia Produce Marketing Act was opened in the Supreme Court here to-day before Mr. Justice Murphy. The question whether the statute is ultra vires of the Legislature was brought before the court in a test case by Chung Chuck, Delta Chinese farmer, who was convicted and fined \$10 by Magistrate Harry G. Johnston. New Westminster, of marketing potatoes without the consent of the Mainland Potato Committee of Direction.

Two principal points were developed by H. S. Wood, K.C., counsel for the Chinese growers, in his attack on the act. The first was that it conflicted with provisions of the Criminal Code of Canada dealing with restraint of trade, and the second was that it violated the British North America Act inasmuch as it prohibited inter-provincial trade.

## Career of Rome-Brazil Flier Ends

Rio de Janeiro, Aug. 16.—Major

Del Prete, Italian aviator, who, with Capt. A. Ferrarin, recently made a brilliant non-stop aeroplane flight between Italy and Brazil, died here this morning from injuries he suffered in a plane crash on August 12. Major Del Prete yesterday underwent an operation for amputation of his right leg.

Major Del Prete, with Captain Arturo Ferrarin, hopped off from the Montecarlo field at Rome on the evening of July 3 and landed at Touros, fifty miles north of Natal, Brazil, early on the morning of July 6. They were credited with having made a non-stop flight of 4,837 miles. They were said to have been in the air fifty-nine hours, bettering their duration flight record of fifty-eight hours and thirty-four minutes set earlier in the year.

Major Del Prete's right leg was injured on August 7 when he and Captain Ferrarin crashed as they were about to make a flight at the Rio de Janeiro Aviation School.

The picture of the transatlantic plane above was taken shortly after its arrival at Rio de Janeiro after its great flight from Italy.

Also above is a picture of the late Major Del Prete, taken in Rome before his transatlantic flight.

## FIVE OF BOAT PARTY DROWN

Disaster Overtakes People in Launch on Lake Lavigne, Ontario

North Bay, Ont., Aug. 16.—In one of the worst drowning tragedies of the year in Northern Ontario five persons lost their lives in Lake Lavigne, near Vernon, Ont., last night when their gasoline launch caught fire and an explosion forced them to leap into the water.

A sixth occupant of the boat succeeded in swimming to safety. Those who lost their lives were Rev. Father Dubuc, twenty-eight; and her two boys, Claude, two, and Marie, one month, and Miss Leoni Sylvestre, twenty-six, all of Sturgeon Falls, Ontario.

With the exception of that of Miss Sylvestre, the bodies of all were recovered.

The party was about a mile out on the lake when gasoline in the bottom of the boat ignited. Watchers on shore saw a sheet of flame, followed by much smoke, and a moment later the occupants of the launch were struggling in the water.

Clutching his two children, Albert Lafreniere commenced to swim to shore, but he found the burden too great and was forced to relinquish his hold. He barely managed to reach land, where he collapsed in the arms of watchers.

## NOTE STATES AMUNDSEN MEN WERE SIGHTED

Message Found in Bottle Off Holland Says Lost Plane Seen in Arctic

London, Aug. 16.—A dispatch to The London Daily Mail from The Hague says the Norwegian consul at Amsterdam believes a message found in a bottle reporting the sighting of the Roald Amundsen Arctic plane party is genuine. He compared it with letters in his possession and has sent it to Mrs. Amundsen in Norway.

A Lloyd's agent at Rotterdam, on an island off the coast of Greenland, Holland, last Saturday reported he had found a bottle in which was enclosed a message reading: "Latham 1-7-28; 84 degrees 23 minutes east, Roald Amundsen men."

Capt. Roald Amundsen and five companions hopped off from Tromsø, Norway, June 16, in a French Latham seaplane, to join in the search of rescuing the crew of the lost North Pole dirigible Italia. They have been missing since then.

NO SEARCH THERE  
The position given, 84 degrees 23 minutes east, is 150 miles from the coast of Greenland, and in a region of the Arctic Ocean where it had not been regarded as likely the men would be found.

Since no latitude was given in the message an attempt to determine the exact place would be impossible.

## VICTORIA SENDS 250 TO HARVEST

Fewer Men Anxious to Join Prairie Trek This Year

Victoria so far has contributed 250 men to the great harvest trek now on its way to the prairies from all parts of Canada and from Britain.

Due to improved employment conditions here, fewer men than at any time in recent years are anxious to go to the prairies this season, officials of the Employment Bureau stated. The harvesters who have left here so far all had arranged individually for jobs with prairie farmers before starting east.

The harvest is not yet in full swing and few orders for men have reached British Columbia offices. Within the next week, however, the picture will be different. It is expected. As against 8,000 supplied last year, British Columbia probably will not be able to send more than 5,000 this season.

## SAANICH CUTS HIGH SCHOOL FREE TUITION

Pupils Past Sixteenth Birthday Must Pass Tests Or Pay Costs

High School scholarship, worth \$100 annually, will reward Saanich students who have passed their sixteenth birthday and obtained sufficient marks to pass the annual examinations without supplemental tests. This policy was adopted yesterday afternoon by the Saanich School Board at a special meeting held at the Royal Oak Municipal Hall.

All students failing to qualify for free scholarships will be required to make their own arrangements for further tuition, the full cost to be borne by the parents or guardians.

This resolution in policy was successfully advocated by Trustee Walter Jeanne, and follows the agreement between the Victoria and Saanich Boards of Trustees to increase to \$100 the annual fee charged the Saanich Board for some years past Saanich has paid Victoria \$85 annually per pupil.

CHANGE CONCERNS MANY  
The new system abrogates the arrangement in effect last year whereby pupils who had passed their seventeenth birthday paid \$30 for the year's tuition, and those past their eighteenth birthday paid Saanich \$65 annually, irrespective of the marks scored in the yearly tests.

Last week the Saanich Board decided to institute a system of bursaries, making tuition free to successful students past their seventeenth birthday, and continuing the previous policy of free education to all students who have not yet obtained their seventeenth anniversary. This arrangement has now been thrown into the discard.

**LONDON BESET  
BY AIR FLEET**

Sham Battle Rages Through  
Dark Hours All This Week;  
Umpires Decide

London, Aug. 16.—The great mock air battle over London, which will continue till the end of this week under the direction of the Air Ministry, while stated to be a success, yet fails to inspire fear of any kind in the average Londoner who recalls the air raids of the World War. Not even the weakest kind of imitation bomb is dropped, the planes signalling by lights to indicate the theoretical dropping of a bomb. No anti-aircraft artillery is in actual use. All the suburban dweller who goes

into his back garden or the nearby park is able to see occasionally is a cluster of planes chasing each other and the sweeping beam of a searchlight. If he waits until after dark he probably will mistake the twinkling of a star for the light of a bombing machine. Perhaps he hears the drone of a bombing squadron high over head as he climbs into bed.

**GREAT DESTRUCTION**

Theoretically, the Air Ministry, nerve centre of the air defence, the central post office and Chelsea barracks have already been destroyed along with many other buildings. As old London has to endure the attacks till the end of the week it looks as if there will be an imaginary huge hole in the big city.

The military umpires, however, say the defending forces have given a fine display of their quality. These air manoeuvres, in which the capital is constantly supposed to be attacked and defended, are the most elaborate the Air Ministry has yet staged and constant engagements between individual groups take place from 7 o'clock at night till 9 in the morning.

**TERRITORIALS OUT**

Territorial airmen, who are clerks and storekeepers by day, have been called upon "to do their bit" but the mimic fighting, even if lacking the power to install real fear, is intended to convey probably a terrible significance.

The air sham battle was started at the beginning of this week.

**Premier King To  
Sail For Europe  
Next Saturday**

Ottawa, Aug. 16.—Premier King will sail from New York on the liner Ile de France early Saturday morning to sign the anti-war treaty in Paris on August 27. He announced this last night.

It is understood here that Premier King will cross the Atlantic in the same liner as Frank B. Kellogg, United States Secretary of State, who will sign the treaty on behalf of his Government.

Hon. C. A. Dunning, Federal Minister of Railways, will sail in the liner Empress of Australia from Quebec next Wednesday and will meet Premier King in Paris.

The Prime Minister and Mr. Dunning will proceed to Geneva to represent Canada at the sessions of the League of Nations.

Early in October Premier King will open the new Canadian Legation in Paris and will afterwards spend about a week in England.

The Prime Minister will return to Canada about October 15.

**RAILWAY BOARD  
PRECEDENT SET**

Dr. S. J. McLean, Assistant  
Chairman, Appointed For  
Third Ten-year Term

Ottawa, Aug. 16.—Dr. Simon J. McLean of Ottawa has been reappointed Assistant Chairman of the Board of Railway Commissioners. Dr. McLean's term of office expired on August 8, and his reappointment is for a further period of ten years. Dr. McLean was originally appointed to the board in 1908. He was fifty-seven years of age.

The term of Hon. Frank Oliver as a member of the Commons will terminate toward the end of September, when Mr. Oliver will have reached the age limit of seventy-five years.

**PRECEDENT SET**

Dr. McLean drafted the Dominion Railway Act and his reappointment for a third term creates a precedent. Since the formation of the Railway Commission in 1904, Dr. McLean has been the only Commissioner to be reappointed after expiration of his ten-year term.

While no official statement has been made in the matter, it is rumored legislation may possibly be introduced at the next session of Parliament providing for superannuation of members of the board.

**MINE EXPLOSION  
KILLS THIRTEEN**

Coalport, Pa., Aug. 16.—Thirteen bodies were removed late last night from the No. 3 mine of the Irona Coal & Coke Company, where a blast occurred yesterday. One miner was brought out alive and rescue workers stated all men had been accounted for.

There were 180 men in the working at the time of the blast. Company officials stated that had the explosion happened fifteen minutes later, the mine would have been cleared of men.

Most of the bodies were badly mangled. The explosion was confined to the south section of No. 3, which is located about three miles from the mouth of the mine.

**BLAST IN MINE  
KILLS OWNER**

Calgary, Aug. 16.—L. L. Johnson, for years chairman of the Department of Soldiers' Civil Re-establishment at Calgary, was instantly killed yesterday when a charge of dynamite exploded prematurely in his mine at Dods, Alta. Johnson was inspecting the mine and went into one of the workings just as a charge of dynamite exploded.

He served in the World War in an infantry battalion. For years he was chairman of the Calgary division under the Department of Soldiers' Civil Re-establishment.

**BREWERIES MAY  
MERGE IN EAST**

Toronto, Aug. 16.—A special dispatch to The Toronto Globe from Windsor says negotiations are under way for a merger of Ontario breweries, including one big concern at the Canadian-Michigan border. Two other breweries are included in the plan. It is said, one in the Toronto district and the other in central Ontario.

Milwaukee and St. Louis interests are reported to be behind the deal.

Duncan Board of Directors  
Plans to Borrow Money For  
Extension Work

(Special to The Times)

Duncan, Aug. 16.—The board of directors of the King's Daughters Hospital here voted on a plan to borrow \$10,000 to improve the institution and build additions to the nurses' home when it met on Tuesday night. The contract for the nurses' home has been awarded to Oscar Brown for \$8,844.

The delegates to the convention of hospital boards at Vancouver, starting to-morrow, were appointed by the meeting. They were: Mrs. W. H. Kilginton, Miss C. E. Jackson and E. W. Carr Hilton.

Reports of financial and general progress were read. Alan Rhodes, Duncan Utilities and Mr. Reid were thanked for contributions to the hospital funds.

There will be a tag day in aid of the hospital on September 22.

**CORN SHORTS MUST  
PAY UP; WRIGLEY  
MAKES MILLIONS**

Chicago, Aug. 16.—Traders who defaulted on contracts calling for the delivery of more than a million bushels of corn at the end of July will be forced to settle at approximately \$1.21 per bushel, compared with the closing price of \$1.18, on the final day of that month, according to the price determined by the special committee of the Chicago Board of Trade.

The million odd bushel default is said to be the largest in the history of the local market.

The Board of Trade committee estimated the actual price of cash grain on July 31 to have been \$1.12, but those who defaulted must also pay a penalty of 7 1/2 per cent for failure to fulfill their contracts.

Leading bulls expressed themselves as satisfied with the finding. It was the first time in several years that a price had had to be set at which defaulters would be forced to settle, and the July corn deal is said to have been the first speculative deal that has been attempted since the exchange started to operate under the provisions of the Grain Futures Act. A majority of operators have been apprehensive of the regulation and the fact that the Government did not go to the assistance of those who sold short produced favorable comment.

A group of customers of one firm defaulted by 900,000 bushels, it is reported. Two others are said to have fallen short by 45,000 bushels each. There were several other smaller accounts which also defaulted, and helped boost the total to well over a million.

The total penalty exceeds \$75,000. Several prominent Chicago operators who were "long" on July corn, among them William Wrigley, Jr., are said to have made several millions of dollars.

**INFLUENZA IN  
NORTH COUNTRY**

Winnipeg, Aug. 16.—A serious epidemic of influenza has broken out along the banks of the Mackenzie River in the Northwest Territories, with considerable loss of life, according to a report from Rev. W. B. Singleton, principal of the Holy River Indian School, received here by the Indian and Eskimo Mission of the Missionary Society of the Church of England.

At Fort Resolution, where the Slave River flows into Slave Lake, thirty deaths were reported. At Hay River, toward the west end of the lake, there were ten deaths. The toll of deaths at other points was thought to be even greater, the letter stated.

**Apple Crop of B.C.  
Shows Big Increase**

Winnipeg, Aug. 16.—An increase of almost 900,000 boxes in the shipments of apples from the Okanagan fruit district is indicated in a report issued by T. P. Whyte, superintendent of car service of the Canadian National Railways, Winnipeg. The latest estimates indicate the McIntosh crop will amount to 1,252,460 boxes, as compared with 788,493 boxes last year, an increase of 513,967 boxes, or sixty-nine per cent.

The total apple crop, which comprises largely the McIntosh and the Wealthy varieties, is expected to amount to 3,928,355 boxes this season, an increase of 890,845 boxes over last year.

## CANADA'S BACKBONE

ACCORDING TO DR. J. H. CRISDALE, the very able Deputy Minister of Agriculture of the Canadian Government, who was in the city yesterday, the value of Canada's agricultural products this year will be \$2,000,000,000. This sum will be equal to five-sixths of our national debt. It will provide the economic sinews of the country for the next twelve months. It will furnish business for our manufacturers, railroads and other industries, while Pacific Coast cities will benefit from the influx of farmers who will spend the winter in them.

It also will make the most important single contribution to our foreign trade. Last year we exported nearly 270,000,000 bushels of wheat alone. This year we should export more than 300,000,000 bushels, amounting to \$400,000,000 in value, and this will represent nearly one-third of our total exports.

Of our production of wheat, roughly four-fifths comes from the Prairie Provinces. This is worth bearing in mind by those both in Eastern Canada and British Columbia who fail to appreciate the vital part played by Alberta, Saskatchewan and Manitoba in the economic structure of Canada, and who may not realize why the inhabitants of those provinces, who now number nearly 2,500,000, are inexorably determined to support no fiscal policy which handicaps their operations. As they have to sell in the open markets of the world to maintain their existence, they insist that the things they buy, such as farming implements, clothing and so forth, shall not have to climb over a high tariff wall to come to them.

Political parties should face the fact that the growers of the Prairie Provinces hold the whip hand; that without their annual contribution to her wealth Canada can make no progress. An understanding of this condition ought to make clear to all why Hon. R. B. Bennett is the only supporter of a protective tariff from the Prairie Provinces out of a total representation of fifty-four in the House of Commons. Our grain growers have resolved that in no circumstances will they permit the agricultural industry of Canada to decline as it has declined in the United States, where both major political parties have made assistance to agriculture a principal plank of their platforms and where there is such a demand for farm relief that little else is being discussed in the farming sections in the presidential campaign.

Beyond doubt the agricultural industry is the backbone of Canada, not merely in an economic sense, but in other aspects of the Dominion's development. The country which preserves a proper balance between its urban and rural population is assured of sound progress and vitality. The country in which there is a steady decline in the population engaged in its primary industries exposes an ominous symptom of eventual decay, no matter how large and imposing may be its cities or how many factories it may have in them. The contrast of vast concentration of wealth and luxury in the hands of a few on one side and vast poverty and slums on the other, with its train of crime and revolt, is one of the inevitable sequels to the destruction of rural life.

Canada's rural population to-day is about fifty per cent. of the whole. That of the United States is considerably less. In the United Kingdom the rural population is less than twenty per cent. of the whole. At all costs our Dominion should preserve her present proportion between rural and urban population. She should insure that the industry which every year contributes two billions of dollars to her wealth and which will contribute much more as our vacant farming areas, particularly in the Prairie Provinces, are occupied, shall not be handicapped by onerous restrictions for the benefit of a few selfish urban interests; that markets for her agriculture shall be found all over the world—since the home market can consume merely a little fraction of what she produces. She should provide adequate transportation facilities and such comforts and opportunities for mental and spiritual development as are necessary to the maintenance of a numerous, sturdy, reliant and prosperous rural population.

## FAR FROM DONE

IN A RECENT ISSUE THE SATURDAY Evening Post notes editorially that the question often is asked in the British press: "Is England Done?" It then proceeds to contrast the value of statements from politicians with the careful appraisal of technical students of affairs.

Recently, the well-known weekly continues, Sir Robert Kindersley gave the subject of British foreign investments exhaustive consideration. Using rounded figures in dollars, he finds the sum to be close to twenty billion dollars, compared with around seventeen and a half billions in 1910. Of course, the dollar of to-day is worth less than the dollar of 1910. Also, war debts and reparations, credits and debits have

not been included. The sum stated means commercial foreign investments. The new foreign investments for 1927, not totaled at least three hundred and fifty million dollars.

It also is pointed out that the distribution of these foreign investments over the population may not be the same as it was before the war, that the sum doubtless would be much larger had the war not occurred, while new foreign investments would be larger if taxes were lower and exports larger. "But," The Post concludes, "it is idle to talk of any country being done whose accumulated and current savings touch the figures stated above."

Even the student of affairs without a political axe to grind will admit that Britain is being called upon to deal with a number of exasperating economic difficulties. But she has faced similar and worse situations before and come out on top. Conditions after the Napoleonic wars were much worse than they are to-day and the country was in nothing like as good a position to deal with them as she is now. Meanwhile she is paying her bills. Her credit is unimpaired. She is very far from done.

## THE LATE MRS. CROFT

MANY WILL GRIEVE OVER THE death of Mrs. Mary Croft which took place yesterday afternoon after a long and distressing illness. All who knew her or became associated with her in any way realized her strength of character, her unostentatious generosity and her cheerful outlook upon life. To the many good works to which she applied herself with notable unselfishness and outstanding ability she was a tower of strength and an inspiration. For several years the Imperial Order Daughters of the Empire claimed a large share of her time and talents. Among the positions of honor she held in that organization was that of Provincial Regent. Under her able direction the Order prospered and grew in influence. Her interest in its welfare and its objects never waned even when failing health compelled her to relinquish her active association with it. Its members especially will mourn her passing. The Times expresses its sympathy with the relatives in their bereavement.

## TWO EX-PREMIERS

THERE DOES NOT SEEM TO BE ANY reason why some of our newspapers should get unduly excited because Mr. Ramsay MacDonald chooses to discuss British politics over here in a somewhat pointed fashion. It will not hurt us and what he has said so far is hardly likely to benefit his cause in the Old Country. We may be sure that his relegation of Mr. Lloyd George to political impotency will not interfere with the sleep of the war-time Prime Minister. All in good time the Labor chief will discover that neither the Liberal Party nor its most colorful leader is done for or even in a bad way. Recent byelections have indicated that Liberalism in Great Britain is very much alive. It now is in a position to show a united front and at the general election next year its banner will be carried by at least 500 candidates.

Mr. MacDonald says no one thinks of Mr. Lloyd George now—"they are talking of making him pay amusement taxes on his meetings." Has the former Labor Premier forgotten what happened in the Lancaster byelection last February? It will be remembered that Lord Ashton wrote to the newspapers and accused Mr. Lloyd George of wrecking the Liberal Party. Mr. Lloyd George went to Lancaster and "bearded" the "lion" in his own "den." The United Press correspondent who cabled a report of the incident from the scene described the crowds which gathered to welcome the Welshman as "seething with excitement, scores of thousands lining the streets." That constituency had been won by a Liberal only once since 1918—that was when Mr. Baldwin was defeated on the tariff issue in 1923—until this year. Whether or not one thinks of Mr. Lloyd George now or not, he went into that constituency and captured it for his party by turning a Conservative majority of more than four thousand into a Liberal majority of two thousand. The Conservatives perhaps feel like suggesting that the "amusement" which Mr. Lloyd George injected into that campaign should be taxed, and taxed heavily.

## WHAT OTHER PAPERS SAY

### THE CONQUEST OF CANCER

Crossed in The Spectator (London)

In this country and in the United States vast sums have been raised and spent in cancer research, but the death-rate continues to rise. . . . Surgical operations for cancer become ever more numerous and extensive, for cancer, unfortunately, the death-rate continues to rise. . . . The real task of science to-day is to discover and condemn those analogous irritants which are responsible for internal cancer.

### HOME

The Millgate Monthly

The word "home" is indeed like unto an alabaster box of ointment, very precious, whose fragrance fills the life. Into it has been gathered our most sacred memories, our tenderest associations, our brightest hopes. It matters little whether the home of one's childhood has been a cottage on the hillside or a house in some city street—round it is woven a romance of interest that grows with the years; to it, from distant places alike of work and thought travels back the heart with wistful regret.

### OPENING PARTNER'S SUIT

Before opening your partner's suit, consider what information you can furnish him by your lead. The following illustrations bear on this point. In each instance the dealer has bid one heart and the declarer has won the contract with a bid of spades.

West holds: spades 4 3 2; hearts 4 3 2; diamonds A K J; clubs 6 5 4 3. West should lead the king of diamonds first and then switch to partner's suit—heart. East will, as a result, be in a position to visualize West's hand and lead diamonds up to him to make the Jack of diamonds a winner.

West holds: spades 7 4 3; hearts 7 6 5 4; diamonds 8 4 3 2; clubs A. West should lead Ace of clubs and then switch to partner's suit. Each will, as a result, know that the Ace of clubs is a singleton.

West holds: spades 4 3 2; hearts 4 3 2; diamonds A K J; clubs 6 5 4 3. West should lead the King of diamonds, followed by the King of clubs. Then he should lead a small card in the suit named by your partner, viz. "down and out" signal in diamonds would play a diamond soon as we see the heart lead and West would trump it. West would follow by leading another heart and the maximum would be made of the hand.

East holds: spades 7 4 3; hearts 7 6 5 4; diamonds 8 4 3 2; clubs A. East should lead the Ace of clubs and then switch to partner's suit. Each will, as a result, know that the Ace of clubs is a singleton.

East holds: spades 7 4 3; hearts 7 6 5 4; diamonds 8 4 3 2; clubs A. East should lead the Ace of clubs and then switch to partner's suit. Each will, as a result, know that the Ace of clubs is a singleton.

West holds: spades 4 3 2; hearts 4 3 2; diamonds A K J; clubs 6 5 4 3. West should lead the King of diamonds, followed by the King of clubs. Then he should lead a small card in the suit named by your partner, viz. "down and out" signal in diamonds would play a diamond soon as we see the heart lead and West would trump it. West would follow by leading another heart and the maximum would be made of the hand.

East holds: spades 7 4 3; hearts 7 6 5 4; diamonds 8 4 3 2; clubs A. East should lead the Ace of clubs and then switch to partner's suit. Each will, as a result, know that the Ace of clubs is a singleton.

## U.S. Naval Wedding Held At Sproat Lake

Hundreds of Guests at Sylvan Ceremony Yesterday  
Uniting Miss Frances D. Cooper of Honolulu and  
Lieut. Commander Gerard H. Wood, U.S.N.

In the idyllic sylvan setting of Arbutus Island, Sproat Lake, the summer home of Dr. and Mrs. Charles Bryant Cooper of Honolulu, on Wednesday, August 15, at noon, their only daughter, Frances Deynck, was united in marriage to Gerard H. Wood, Lieutenant Commander, United States Navy, and eldest son of the late George Edward Wood and Mrs. Wood of Bedford, N.Y. The ceremony was performed by Rev. H. V. Hitchcock of St. Paul's Anglican Church, Nanaimo, in the presence of hundreds of guests from all parts of the United States and Honolulu.

The first and arbutus trees formed the natural altar for the beautiful ceremony, with Nature's green moss taking the place of the traditional red carpet.

**BRIDE'S EXQUISITE GOWN**

The bride was given in marriage by her father and wore an exquisite gown fashioned in period style of heavy grain ivory tulle. The bouffant skirt was finished at the hem with wide scalloped, outlined with silk tulle, and a small pattern of silver outlined with bugle beads covered the skirt and the slender bodice, which was finished with long, graceful, light-fitting sleeves of tulle. A train which was carried by little Henry Damon of Honolulu, the diminutive page. A shower bouquet of white roses completed the bride's lovely toilette.

There were only two bridal attendants. Miss Charlotte Lovelock of Riverside, Cal., was the maid of honor and Miss Harriet Damon of Honolulu the bridesmaid. Both wore charming gowns of light green crepe satin and carried small bouquets of Summer flowers.

## NAVAL GUARD OF HONOR

Mr. Meredith B. Wood, brother of the bridegroom, was best man. The ushers were Lieut. Commander George Wood, Lieut. Commander Humbert W. Zirkel, Lieut. Gerald Wright and Lieut. John McGraw Cooper, all of the United States Navy. Like the bride, the bridegroom, wearing white naval uniforms, returned to the residence beneath an archway of flowers held aloft by the groom's brother officers.

The reception was held on the spacious veranda, overlooking a gorgeous park of lake and snow-capped mountain peaks. Here, too, the buffet luncheon was served at tables lavishly with roses and other Summer flowers in frequent profusion.

The bride and groom, after the ceremony, were seated at a table under a silver loving cup which was used by the parents of the bridegroom at their wedding. The house was beautifully decorated with masses of roses and other Summer flowers for the occasion.

The bride's mother, attired in a smart gown of embroidered French georgette in a dove grey shade and hat en suite, was assisted in receiving the many guests by Mrs. George Edward Wood, mother of the bridegroom, who was elegantly gowned in a figured georgette crepe of black and grey, with small black hat.

After the afternoon trip to an unknown destination, Lieut. Commander and Mrs. Wood will be at home at San Pedro, Cal.

Mr. P. H. Conant of Berkeley, Cal., Miss Ben Taylor and Mrs. J. T. Lewis of the Hawaiian Islands were house guests at Dr. and Mrs. Cooper for the wedding.

Arbutus Island was purchased by Dr. Cooper a few months ago from Mr. Corbin Vanderbilt Jr., and he and Mrs. Cooper have been spending the last few months in residence on the island.

dent Provincial Chapter, I.O.D.E. in British Columbia.

It will be a quiet day, except possibly for a Young People's service in the south aisle of the new cathedral. Monday, a trip to the Saanich Peninsula, lunch at the Victoria Hotel, and return via Butchart's Gardens, the Observatory, the winery, and possibly a salmon cannery.

On Tuesday, a suggested trip to the High School, lunch at the Victoria Hotel, and an opportunity given to see the Chemist's Lumber Mill in operation.

Nanaimo hostesses will meet the party at Lady Smith and convey them to Nanaimo, from which place they will leave for Vancouver on Wednesday, September 26, to take the C.N.R. for Jasper Park.

**MENUS FOR THE FAMILY**

Breakfast—Apples, cereal, thin cream, crisp graham toast, marmalade, crisp bacon, creamed potatoes, milk, coffee.

Luncheon—Stuffed baked tomatoes, whole wheat bread, celery hearts, peach delight, milk, tea.

Dinner—Creamed salt codfish, boiled potatoes, lima beans in cream, beef and cabbage salad, cottage cheese pie, graham bread, milk, coffee.

A bright red apple served "au naturel" is most appealing on a hot morning. An Australian apple, so tart and juicy, where the most jaded appetite and for those who prefer a less acid fruit—the old-fashioned strawberry is a quite perfect. Don't choose a sweet apple for a breakfast fruit, because it may satisfy the appetite and defeat its purpose.

## MRS. HENRY CROFT PASSES ON AFTER LENGTHY ILLNESS

Daughter of Late Hon. Robt. Dunsmuir Succumbed Yesterday Afternoon

Was Prominent in Benevolent Undertakings Here

After an illness which commenced nearly two and a half years ago and had confined her to bed since June of this year, Mrs. Mary Croft, widow of Henry Croft, passed peacefully away at her residence, "Mount Adelaide," Esquimalt, yesterday afternoon. Her death removes one of Vancouver Island's most prominent native daughters and a woman noted throughout her life for her benevolence.

The late Mrs. Croft was born at Nanaimo in February, 1865, and was the fifth child of the late Mr. and Mrs. Robert Dunsmuir, discoverer and founder of the Wellington Collieries, and Mrs. Dunsmuir, her brothers and sisters being as follows: John, James, Mrs. James Harvey, the Hon. James Dunsmuir, Mr. Alexander Dunsmuir, Mrs. Houghton (all of whom predeceased her), Mrs. Burroughs, of Burlington, Ont., England; Lady Jessie Munro, of Turin, Ireland; Lady Colborne, of Somerset, England; and Mrs. Reginald Chaplin of Victoria.

Mrs. Croft has been constantly in attendance for the last year, and was with Mrs. Croft at the end.

**EDUCATED HERE**

Receiving her early education at Anglin College, Victoria, Mrs. Croft then went to Mills Seminary, Oakland, California, to complete her education. Later she returned to Vancouver Island, and very shortly afterwards going abroad with her parents for two or three years.

On July 1, 1885, after the family came back to the Columbia, she married Henry Croft, civil and mining engineer, and founder of the Chemainus mill and the town of Chemainus. Here they resided for some time before deciding to come to Victoria to live.

"Mount Adelaide," built in 1890, and which Mrs. Croft occupied up to the time of her death, was one of the most beautiful residences in the city. Not only was the house designed by Mrs. Croft, but she personally supervised the laying out of the grounds, which are considered by landscape gardeners to be among the finest in Western Canada. The name "Mount Adelaide" was derived from the name of the Crofts' home near Adelaide, South Australia.

**ORGANIZED I.O.D.E.**

A woman of great kindness and staunch patriotism, Mrs. Croft was prominently associated with the work of organizing the Imperial Order Daughters of the Empire here. Canaan Chapter, founded on the name of Mrs. Croft, was the first chapter of the I.O.D.E. in Victoria. Mrs. Croft presided at this initial meeting at which Mrs. Brock Robertson was elected first regent, and about a year later Mrs. Croft was elected regent. The Provincial Chapter was formed on March 16, 1913. Mrs. Croft was unanimously elected president.

On her retirement from the provincial presidency, Mrs. Croft was unanimously elected honorary vice-president, an office which she continued to hold up to the time of her death, although she withdrew from active office in 1919 at the time of the national convention in Victoria. Recognition of her enthusiastic and unremitting efforts in behalf of the order and its patriotic and educational work was made in the presentation to her of life membership in the order, and the Canadian National Chapter.

**RECEIVED HIGH HONOR**

The Alexandra Club was another undertaking which received her warmest support. She was its first president and one of the largest shareholders in the building. For many years she was also president of the Esquimalt Friendly Society, and in addition to her charitable work in this direction, she performed many private acts of liberality to those who were in distress.

During the war her public-spiritedness and generosity received the unusual and very highly-prized recognition in the presentation of the decoration of Lady of Grace of the Order of St. John of Jerusalem.

For many years before the war "Mount Adelaide" was noted for its charming and lavish hospitality, and during the war Mrs. Croft frequently threw open her home and beautiful gardens on behalf of patriotic causes.

The funeral will be held at 10 o'clock tomorrow at 230 at Christ Church Cathedral, Ven. E. P. Laycock, Archdeacon of Columbia, officiating.

**SAYS MARRIAGE AN EXPERIMENT**

U.S. Lecturer Thinks Parents Should Support Daughters After Marriage

Oakland, Cal., Aug. 16.—Marriage is just an experiment and a girl's family should support her until her husband is able to do so, said Dr. F. F. Lichtheim, social organizer at the University of Pennsylvania, in an address to his class in adult education at Mills College here yesterday.

Dr. Lichtheim advocated divorce by mutual consent, that marriage be frankly recognized as an experiment, and predicted that in future marriages would be made earlier.

"We are living in a fool's paradise if we imagine the young people of to-day are going to lead content lives from adolescence clear through their years of association with youths of opposite sex in college," said Dr. Lichtheim.

"It is an archaic idea that the husband is responsible for the wife's support, which frequently delays marriage for college youths."

"Let youngsters marry early, and let the parents continue to support the girl until her young husband can do it. Such a plan will keep them both out of mischief."

The bride's going away costume was a dress of blue crepe de Chine, blue coat trimmed with black fur, and hat to match. The happy couple left on the midnight boat for Vancouver where their honeymoon will be spent. Upon

## YOUR BABY and MINE

by MRS. MARY EDWARD

Mrs. Edward will be glad to answer all questions pertaining to babies and children. A stamped and self-addressed envelope forwarded to this office will bring a personal reply.

**LOSS OF APPETITE IN FAT BABY**

Mrs. A. writes: "My baby is strong and well, four months old and weighs sixteen pounds. On three or four occasions during the last few weeks she will go one or two days without nursing only about once in five or six hours. Sometimes she will skip a feeding and on two occasions she has refused to eat for eight hours. This happened yesterday, but to-day she is better."

The baby is well, she does not fuss, though I notice that she does not sleep quite as well. I am afraid she will begin to lose if she keeps this up. She weighed eight pounds at birth."

**ANSWER**

The baby has made an extraordinary gain in weight and is a better way of improving conditions, and that is to feed the baby regularly, but only once in four hours. You are an extremely successful mother. The baby doesn't need to be fed often and is showing you in every possible way that she doesn't. Hot weather and an abundance of food are two things which don't go well together. The baby is smart enough to know it. I feel sure she'll get along just as well on fewer feedings a day, and have a better appetite for them.

**FREQUENT STOOLS MAY INDICATE OVERFEEDING**

Mrs. J. W. writes: "Will you tell me what causes a baby to have a tiny movement almost every diaper?"

**ANSWER**

In hot weather this condition might be due to the heat, or to the wrong kind of food, and you failed to mention how the baby is fed, by the way. But if this happens all the time, and the baby is a breast fed one getting nothing but the breast and boiled water, it is possible that the food is too rich. Try nursing only once in four hours and giving one to two teaspoons of water before a nursing. It could have been more helpful if you had included the baby's age, gain in weight and present diet. All of these things are so necessary in answering any kind of a baby problem. If all depends!

## TOLMIE WILL TACKLE P.G.E. PROBLEM SOON

**Solution of Railway Difficulty  
to Be Sought Early in New  
Regime**

**Leader is Making Cabinet By  
Himself; Will Be Ready  
When Called**

One of the first problems to be  
tackled by his Government as soon as  
it gets into office here will be the  
future of the Pacific Great Eastern  
Railway, Hon. S. P. Tolmie, Premier-  
designate, told a large gathering at the  
Conservative Association's picnic at the  
Willows Beach yesterday afternoon.

The new Government, Dr. Tolmie  
said, would not deal with the railway  
question in the dark. He would have  
a thorough investigation made into it  
to decide whether the P.G.E. should be  
sold or not. If it were decided that a  
sale was inadvisable in view of the  
prospective development of the Prov-  
ince, the Government would then map  
out a definite scheme under which the  
road would be retained for the benefit  
of the people.

**MAKING HIS CABINET**  
"Just now," Dr. Tolmie told the  
gathering, "I am giving the matter my  
own thought. There will be a lot of ex-  
cellent men left out. I want to assure  
you that I am giving the matter my  
most profound thought, viewing it  
from every possible angle. I am sleep-  
ing over the subject at night and ris-  
ing in the morning to reconsider it  
again."

"I realize," he added, "the heavy re-  
sponsibility that has been placed upon  
me. This was not something of my  
own choosing, but having taken the  
duty placed upon me I will carry it  
out as well as I possibly can."

**NO DELAY**  
The Premier-designate indicated  
that there would be no delay in the  
formation of his Government when he  
was called upon to take office. He ex-  
plained that the MacLean Government  
was not to be criticised for its delay  
in resigning, as under provincial sta-  
tutes it had no alternative.

Dr. Tolmie renewed his advocacy of  
a policy which would make British  
Columbia self-sustaining and would  
end a condition under which it im-  
ported a large part of its food supplies.

"The Government will make an  
earnest effort to see that the Province  
feeds itself," he declared.

**FEDERAL SEAT**  
Forecasting a strong fight to retain  
the Federal seat of Victoria for the  
Conservative Party following his own  
resignation as member of Parliament  
for the city, Dr. Tolmie urged Conser-  
vatives to prepare for this contest.

Canada, he said, needed a Conser-  
vative Government, with its policy of  
running the Dominion for the benefit  
of its own people. He praised the work  
of Hon. R. E. Bennett, Conservative  
leader in Canada, who, he said, was  
making great progress.

After he had thanked the Conser-  
vative of British Columbia for their  
support, Dr. Tolmie was greeted with en-  
thusiastic cheers as he completed his  
address.

**MEMBERS SPEAK**  
With the Conservative leader on the  
platform were several members-elect  
of the next Legislature. Reeve Hay-  
ward of Oak Bay welcomed these gen-  
tlemen as well as the picnic crowd to  
the municipality. F. C. Elliott, pres-  
ident of the Conservative Association,  
presided.

Reginald Hayward, senior member-  
elect for Victoria, in a brief address  
urged continued loyal support for Dr.  
Tolmie and added that he had a "mess  
ahead of him to clean up."

Joshua Hinchliffe, member-elect for  
Victoria, thanked the Conservative  
Party for giving him increasing ma-  
jorities at the polls.

"Canada is going Conservative from  
one end to the other," said J. T.  
Beatty, the third city-member-elect.

"From the recent election we have  
learned many things," remarked H. D.  
Twigg, the other city member-elect.

"One is that you don't win elections  
by spending money and by bribery. I  
ask you now not to expect too much  
from the new Government in too much  
of a hurry."

**WILL LEAVE MARK**  
N. B. Loughheed, member-elect for  
Dewdney and president of the British  
Columbia Conservative Association, de-  
clared Dr. Tolmie would leave his mark  
on the history of British Columbia.

W. C. Shelly, member-elect for Van-  
couver, and S. L. Howe, member-elect  
for Point Grey-Richmond, also spoke  
briefly.

A pleasing feature of the afternoon  
was the presentation of a bouquet to  
Mrs. Tolmie by the Women's Conser-  
vative Association, the bouquet being  
contributed for the occasion by Savory  
& Company. Miss Lottie Bowron, pres-  
ident of the association, made the pre-  
sentation.

The programme of speeches followed  
an afternoon enjoyed by a large crowd.  
All the usual picnic attractions were  
provided with a lengthy programme of  
sports.

# Victoria Will Have Senior Champ After Many Years' Effort

Four Victoria Men Enter Semi-finals of Sixth Annual Championship of Seniors' Northwest Golf Association, Defeating Four Americans in Second Round; Spectacular Matches Were Provided in First Round. When Two Matches Went an Extra Hole and Two Others Were Decided by One Up

After six years of effort Victoria, home port of the Seniors' Northwest Golf Association, is to have one of its own veterans crowned king of the fairways. In order to make sure that there might be no slip-up this year Victorians won all four places in the semi-finals of the grand championship at the Victoria Golf Club yesterday afternoon. All American contenders were eliminated in the second round, each Victoria man accounting for one.

Those who survived the two rounds in the grand championship of the Seniors yesterday were men well-known in Pacific Coast golfdom for many years. A. T. Goward, who graduated into the Seniors this year, J. A. Sayward, J. E. Wilson and Frank Halstead were the survivors.

## INTERNATIONAL AFFAIRS

When the first round was finished yesterday morning four Americans, Jim Sobey of Seattle, H. S. Griggs of Tacoma, and J. A. Byerly and R. W. Wilbur of Portland, went into the second round, and the luck of the draw made every match an international affair. Goward took on Sobey and defeated him three and two, while Sayward eliminated Wilbur by the count.

Wilson scored a four and three win over Griggs, and Halstead trimmed Byerly by three and two.

Although Victoria originated the idea of the Seniors' Association and all the tournaments have been staged here not once has the Barnard Cup, emblematic of the championship, been won by a Victorian. Local men have been in the finals, J. E. Wilson last year carrying Frank Van Tuyl of Seattle, seven extra holes before being forced to admit defeat.

Goward and Wilson are favored to reach the finals to-morrow, with Halstead as the dark horse. Halstead is a Honolulu man, but is playing in the tournament as a member of the Victoria Golf Club.

## SOME SURPRISES

The second round yesterday did not provide as many surprises as the first round. The defeat of J. W. Morris of Victoria, who won the medal honors on Tuesday, was the only surprise.

Byerly, who was defeated by Goward, was a surprise. A former champion, was another surprise. L. A. Lewis of New Westminster, the first champion of the association, usually a semi-pro, passed out in the first round when Halstead beat him on the home green. The early passing of Judge Riggs of Tacoma, over Josiah Collins of Seattle, a former champion, was another surprise.

The pairing for the finals to-day brings Goward and Sayward together in the top half. Wilson meets Halstead in the lower half.

## WANT TEAM MATCH

Now that the Americans have been eliminated in the grand championship they are expending every effort to retain the Nichol Cup, emblematic of the team championship. They have recruited the services of the genial Bob Johnston, pro of the Seattle Golf Club, in an effort to pick the best possible side to meet the Canadians. They feel, however, that they have the toughest job on their hands that they have ever experienced. The Nichol Cup has never been won by the Canadians, but their defeat this year cannot be denied. The Canucks, so enthused over their showing so far, have Phil Taylor, pro at Oak Bay, working out a team and there will be a lot of fun on Friday afternoon when the match comes off.

Vancouver has put in a bid for the Seniors' tournament next year, but the Americans seem pretty solid in keeping the event in Victoria. The question will be discussed at the annual meeting to-morrow afternoon.

Yesterday's results were as follows:

## GRAND CHAMPIONSHIP

First Round  
J. Sobey, Seattle, defeated J. W. Morris, Victoria, 7 and 6.  
A. T. Goward, Victoria, defeated W. C. Butler, Everett, at nineteenth.

R. W. Wilbur, Victoria, defeated Judge R. B. Riggs, Yakima, 1 up.  
J. E. Wilson, Portland, defeated George Moore, Oregon, 4 and 3.  
H. S. Griggs, Victoria, defeated R. W. Gibson, Victoria, at nineteenth.  
F. Halstead, Victoria, defeated L. A. Lewis, Victoria, 1 up.  
J. A. Byerly, Victoria, defeated F. T. McCollough, Spokane, 2 and 1.

## FIRST FLIGHT

First Round  
J. W. Morris won by default from W. C. Butler.  
Judge Riggs won by default from Josiah Collins.  
George Moore defeated R. W. Gibson, 2 up.  
L. A. Lewis defeated F. T. McCollough at nineteenth.

## GRAND CHAMPIONSHIP

Second Round  
A. T. Goward defeated James Sobey, 3 and 2.

# Hagen Meets Farrell For Golf Title Of The World

Detroit, Aug. 16.—Walter Hagen, British open golf champion, and Johnny Farrell, holder of the United States open title, will meet in a series of matches for the unofficial championship of the world. Hagen late yesterday wired his acceptance to a challenge issued by Farrell, and it was decided that the first test, a thirty-six-hole match, would be played at the Western Golf Club here, on Wednesday, August 29.

There is nothing new in a meeting between the holders of the two premier golf titles of the world, but the plan to be followed by Hagen and Farrell is an innovation, according to Bob Barlow, "The Hag's" manager.

The victor now must win three out of five matches. In the past the two leading golfers played one seventy-two-hole match. This system, according to Hagen, is unfair to both the players engaged and to the club which sponsors the match.

# London Steno in Wrigley Marathon

Millie Hudson, a London stenographer, failed to swim the English Channel, but she is not lacking in confidence of winning the Wrigley Marathon at Toronto in a few weeks. Only five feet, 1 inch tall, she will be one of the smallest entrants in the event. Here she is shown training for the race in a New York City pool.

# WEDNESDAY IS RECORD DAY AT COLWOOD TRACK

Horses Set New Times For Track Distances in Three Races

Few Long Prices Are Paid; Good Crowd Attends and Betting Heavy

Yesterday was a record-breaking day at the Colwood race track in more ways than one. Times for three distances went by the board in three successive races and the betting was about the best during the meet. Prices returned during the day were fairly good, although favorites were in the money in every race.

In perfect condition, the track was just suited for the record-breaking day. The field in the first race, a mile and a half, was made up of three horses, the best of which was the favorite, a three-year-old gelding from the Doran stable, who scored a popular win in the fourth event, and in so doing clipped 1-5 of a second off the record for six furlongs, which was set Tuesday by Terrifier. His time was 1:12 1/2.

Taking the classic event of the day, the Empress Hotel second, a mile and a half, the Ruth Parton entry beat out a classy field to take the honors. 1:44 3-5.

With Jockey Peake in the saddle, the field in the sixth race and won with five lengths to spare, setting a new record of 1:06.

Four jockeys split the riding-honors yesterday, Peake getting three winners down front, while Trivett had two. Lyons one and Pales one. Trivett also secured three places and a show, getting in the money each time he rode.

The closest finish of the day was witnessed in the first event when Evening Star, an eleven to two shot, was just able to hold off the challenge of Clitter Gold, the second choice to win by a nose. Miss Fountain, a red-hot favorite, failed to show form against the leaders, and was two and one-half lengths behind Clitter Gold for the show. The remainder of the field never had a chance, although Harry T. was closing fast.

Keeping close to the pace until the stretch, Daxel J. faced choice for the second race, was an easy winner, getting a two-length decision over Black Sand. The big surprise of this event was the showing of the Munsie was horse, who, after being captured (Concluded on page 2)

# Swelled Heads Hurt U.S. Team; Fifty Other Nations in World And Have Good Men, Coach Says

Boston, Aug. 16.—Concept of the United States Olympic team and the rapid improvement of athletes from other nations were the reasons for the United States' disappointing showing at the Amsterdam games, according to a letter written by Jack Ryder, member of the Olympic coaching staff.

"If anyone wants to know why we were beaten in the track events at Amsterdam," he wrote, "tell them I think we have no alibi. We simply were not fast enough."

Ryder, who has been Lloyd Hahn's coach ever since the Nebraska flier was a top-notch half miler, believes that Douglas Lowe, the English star, who won the Olympic 800-metres race, is a much better man than Hahn.

In giving his impressions, Ryder said: "We in the United States have swelled heads, the managers, the coaches, the athletes and the public. We think we are the best. But it has been proved that we are not the best. We are one nation, and there are fifty other nations in the world."

Opinions about the ringside were almost strongly divided. The crowd, a low left that buried deep in Robert's body as he stepped into Rizzo from the ropes. It appeared the punch was landed cleanly in the pit of the Italian's stomach and the crash of his huge body to the canvas was the signal for another knockout added to the rest of the string.

To others, and this number included Referee John McCloy, it appeared the punch was foul. The spectators rose and belittled their disapproval for fully five minutes while Robert's seconds worked over him and finally begged the referee to stop the fight.

The crowd of close to 20,000 fans greeted Harry Wills, the huge negro who once blanketed Jack Dempsey's crown, in a new sport at the Robert's second. The last time Harry appeared at Ebbets Field, Paulino knocked him out.

WELCOME FOR HEENEY  
Tom Heeneey, who leaves to-day for New Zealand, made his final bow to the American fight public and received a tremendous ovation. He showed no marks of his eleven-round defeat by Gene Tunney two weeks ago.

Toronto, Aug. 16.—Larry Galna, heavyweight champion of Canada, last night became negro heavyweight champion of the world.

Galna last night took the championship from George Godfrey, 238-pounder, in a third round of their ten-round bout when he stepped into a low right uppercut and was felled.

The giant Philadelphia put all the force of his massive shoulders into the blow under which Galna fell to the floor under a doctor and handlers had worked over him for five minutes when he was unable to get up, and he was carried to his dressing room.

Previous to the low blow, the 14,000 people who paid admission to the Maple Leaf Stadium to see the bout, watched Galna try valiantly to keep Galna from Godfrey's clutches while the Philadelphia mauled him, using his 454-pound weight advantage.

The second was even, but providing little action, with the result that the referee warned both fighters before the third started to live things up. More action appeared in the third, and the crowd had stopped its booing at Galna's low blow, entirely unintentional, ended the fracas.

Montreal Football Eleven Intends To Tour Great Britain

Montreal, Que., Aug. 16.—Officials of the Carleton Place Club of this city have applied to the Dominion Football Association for permission to take the team to Scotland and England and possibly France for a tour during the month of October. Tentative arrangements have been completed for the European end of the tour, and only the sanction of the Canadian governing body is now needed to make the trip a certainty. Ten games are planned in all.

Each swimmer must provide his own pilot, who will accompany him along the course. Pilots will take up their positions in their boats off the end of the Evans, Coleman and Evans wharf, where they will pick up their respective charges.

The Marine and Fisheries boat will precede the swimmers, clearing the way and setting the course for the pilots. Jimmy Ormond will carry the officials not on the Fisheries craft, in his speed-boat, and will patrol the course. At the various points where spectators assemble to watch the progress of the contest, the positions of the different swimmers will be announced and friends of the contestants will be able to see the progress being made by their favorites.

Prizes will be presented to the winners as they finish at the raft below the Gorge Bridge, after which the competitors will proceed to the changing rooms of the James Bay Athletic Association where they will don their clothes.

KEEP CLEAR  
In previous years swimmers have occasionally been delayed by people, following the race in private boats, getting in the way. In order to prevent these obstructions this year, enthusiasts are requested to give the competitors as much clearance as possible by keeping off the course while the race is in progress.

Over a dozen swimmers will compete.

# Race Or Get Off Track Is Order So Hoss Men Will Race

Chicago, Aug. 16.—Chicago's turf programme at the Hawthorne Track continued to-day after a ten-hour horsemen's strike, the first in American turf history, had threatened to close the track.

The controversy between horsemen and officials of the Chicago Business Men's Association, which controls the track, was settled by an ultimatum presented by John S. Schank, president of the association.

In a midnight meeting Schank told the horsemen they would either race to-day or be thrown off the track. The horsemen then agreed to race.

To-day's programme had been threatened with cancellation following a controversy between horsemen and the management over the collection of one per cent of all purses to go into the general fund of the Thoroughbred Horsemen's Association.

# LOW BLOWS END TWO FIGHTS IN BIG DIVISION

Johnny Risko Loses to Roberti, Giant Italian, in Sixth Round on Foul

New York, Aug. 16.—The record against Johnny Risko, embattled Cleveland baker, who took second place in Tex Rickard's heavyweight elimination tournament stood easily the same to-day at the start of the elimination tourney as it did at the close of the last one—defeat.

Risko got away to a bad start in the ball park here last night when he lost his first encounter of the season to Roberti, the Italian giant, on a foul in the sixth round. Up to the final blow, a low left to the body, Risko had kept his record clear as a giant-killer. He won three of the five full rounds after Roberti took the first two.

HAPPEN IN A CLOUD  
Roberti, showing vast improvement over his last engagement, when he lost to Phil Scott, the Englishman, did in six rounds what only Tom Heeneey, a victor and challenger of Gene Tunney, was able to do all last winter. But where Heeneey's margin was clear and decisive, the victory of the Italian was hidden in a cloud that only a return match can clear.

Opinions about the ringside were almost strongly divided. The crowd, a low left that buried deep in Robert's body as he stepped into Rizzo from the ropes. It appeared the punch was landed cleanly in the pit of the Italian's stomach and the crash of his huge body to the canvas was the signal for another knockout added to the rest of the string.

To others, and this number included Referee John McCloy, it appeared the punch was foul. The spectators rose and belittled their disapproval for fully five minutes while Robert's seconds worked over him and finally begged the referee to stop the fight.

The crowd of close to 20,000 fans greeted Harry Wills, the huge negro who once blanketed Jack Dempsey's crown, in a new sport at the Robert's second. The last time Harry appeared at Ebbets Field, Paulino knocked him out.

WELCOME FOR HEENEY  
Tom Heeneey, who leaves to-day for New Zealand, made his final bow to the American fight public and received a tremendous ovation. He showed no marks of his eleven-round defeat by Gene Tunney two weeks ago.

Toronto, Aug. 16.—Larry Galna, heavyweight champion of Canada, last night became negro heavyweight champion of the world.

Galna last night took the championship from George Godfrey, 238-pounder, in a third round of their ten-round bout when he stepped into a low right uppercut and was felled.

The giant Philadelphia put all the force of his massive shoulders into the blow under which Galna fell to the floor under a doctor and handlers had worked over him for five minutes when he was unable to get up, and he was carried to his dressing room.

Previous to the low blow, the 14,000 people who paid admission to the Maple Leaf Stadium to see the bout, watched Galna try valiantly to keep Galna from Godfrey's clutches while the Philadelphia mauled him, using his 454-pound weight advantage.

The second was even, but providing little action, with the result that the referee warned both fighters before the third started to live things up. More action appeared in the third, and the crowd had stopped its booing at Galna's low blow, entirely unintentional, ended the fracas.

Montreal Football Eleven Intends To Tour Great Britain

Montreal, Que., Aug. 16.—Officials of the Carleton Place Club of this city have applied to the Dominion Football Association for permission to take the team to Scotland and England and possibly France for a tour during the month of October. # Quarrel In American Persists But Tension In National Relieved

Athletics Once Again Refuse to Take Advantage of Yankees' Slip and Lose, Leaving Gap Between Two Leaders Unchanged; St. Louis Cardinals Easily Defeat Boston While Giants Are Losing to Chicago and as Result the Margin Between Top Clubs in National League Widens

Some small part of the tension has been removed from the National League race, for the moment at least, by a St. Louis victory and a New York defeat, but the American League quarrel persists in remaining in just the state it reached ten days ago, when the Athletics came to the peak of their spurt in the West.

While the Cardinals were increasing their lead over the Giants to three and one-half games yesterday, the Mackmen were refusing for the second time in two days to reduce the Yankee margin to the same figure.

# LOCAL BOXERS PRIMED TO GO

Anxious to Clean Up in Their Bouts With Vancouver Boys on Friday

Has Abbie Davies, the local boxer whom fight fans of Victoria remember from the time he was so tiny that he almost had to be carried into the ring, developed to the class where he can be considered of championship calibre? In the last year the shifty 120-pounder with the poker face has beaten boy after boy that has been put up against him and the ratings of many of these opponents show they were no easy marks. The veteran Joe Bailey looks class in British Columbia and one who should be given an opportunity to show his wares further afield.

The question as to how good Davies is will be answered on Friday night at the Victoria West gymnasium when he appears against Dave Carter, a smart boy from Vancouver, in a four-round bout.

LEWIS HEADS LIST  
The spectacular Dave Lewis heads the bill in a six-round bout against Kid Ferguson of Vancouver. Ferguson comes with a reputation of being a fighter of Stoker Lake type plus a wallop, so unless there is an early finish with one of Lewis' frequent knockouts or Lewis himself is on the end of a sleep producer there should be whirlwind action in the headliner.

All the opponents for the popular local men are from Vancouver, and are eager to seek revenge for the cleanup of the mainlanders last time they came to the Victoria West gym.

Ted Beales, the fleet-footed 155-pounder, meets Danny Martin.

Tim Keist, the smiling Irishman, gets another go with the colored boy, Jackie Newman. Jackie is probably the hardest worker and the most workmanlike fighter around these parts now.

In the 135-pound class Scotty Sinnott of Victoria will meet B. Troup of Vancouver.

Junio Davies will go four rounds with Mike Kennedy in the 110-pound class.

## MISSISSIPPIANS INVADE VICTORIA

(Continued from page 1)

The train with eight Pullman cars, two dining cars and two cars of exhibits has been cordially welcomed at every place it has called. Mississippians have told of their particular counties or sections of the State at every point. Tennessee, Minnesota, North Dakota, Montana, Washington, Oregon, Wyoming, Idaho, Nebraska, Colorado, Illinois and British Columbia are included in the tour.

"It is a gesture of friendship and goodwill," members of the party are particularly emphatic. "That is the primary purpose of the trip." But as loyal Mississippians and proud of their state and eager to emphasize its advantages and claims to fame.

"We have the healthiest State in the South," they point out with pride. "You know three times in four years we have furnished the champion healthy girl of the United States."

Circulars which are distributed wherever they travel and speakers in the party tell of Mississippi's great resources, mineral areas as yet untouched, great agricultural expanses and opportunities for industries.

It was apparent that the Mississippians are enjoying their trip and are both spreading happiness as they plan to do and preaching the gospel of their home State and its opportunities.

## BANDITS ROB AGED WOMAN

Nanaimo, Aug. 16.—Mrs. Cartwright, an aged woman living in South Wellington, near the Morden Mine Road, was tied to a chair by two bandits, who entered her house yesterday afternoon and took \$15 out of a drawer in her bedroom.

Her son had left the house a short time previously and she was kindling the kitchen fire when two men appeared with flour sacks over their heads and demanded she hand over her money. She said she had none and they tied her to a chair and began a search.

Mrs. Cartwright sat for an hour before a neighbor paid a call and discovered her plight.

## TO-DAY'S GRAIN MARKETS

By Branson, Brown & Co. Ltd.  
Winnipeg, Aug. 16. — Wheat! The wheat market was extremely dull to-day with nothing doing except a little local trading. Prices declined about 1½ during the early part of the day, but steadied under the light offerings and the comparative firmness in Chicago. Later in the day there was a little short covering going on which rallied prices about half way, but there was no feature to the trade at any time. Export business in wheat over night was said to be the smallest in several days and local exporters were doing nothing. The cash market was just as dull as the futures, there being only a light demand for the low grades, and as there was practically nothing coming out, business was reduced to very small figures. All spreads were about unchanged.

There were a few light scattered showers received over the West the past twenty-four hours, which will probably add bushels to the late crops, but the weather has now cleared away and higher temperatures are prominent in the three prairie provinces. Harvesting is gradually spreading out and will be almost general by the first of next week, while hedging pressure on the market can be looked for in another week, as quite a little threshing is now under way.

Broomhall estimates the world's exportable surplus of wheat for the present crop season at 1,144,000,000 bushels, assuming Western Canada will value a crop of 610,000,000 bushels and that Argentina and Australia next December have an average crop. This estimate of the Canadian crop is regarded as very conservative, while there is still over 50,000,000 bushels of old wheat left in the country.

## THE CLIPPER SHIPS

Splendid as the packet ships were, they were doomed to give front place to the fastest sailing ships that have skimmed the waves—the clippers. One of the most famous of the old clippers is sketched above. The tea trade with China, the wool trade with Australia, the gold rush to California and Australia, called for speedy ships like this and daring captains.

The American clipper Oriental made the trip from Hongkong to London in 97 days and throughs came to the docks to see her.

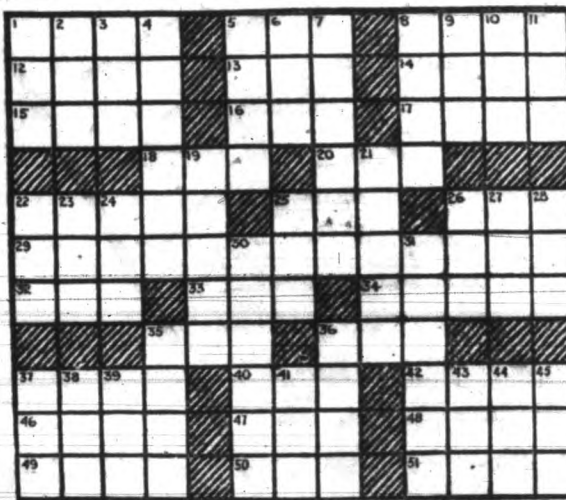

The Oriental had been paid \$30 a ton for her cargo of tea—\$17.50 then was a high price for such a cargo—because of her speed.

Captain Clark writes of a clipper race: "No more beautiful sight can be imagined than a morning at sea, with these magnificent vessels racing in midocean; perhaps two or three of them in sight at once; the sun rising amid golden clouds; the dark blue sea flecked with glistening white caps; long low black hulls clearing a pathway of sparkling foam."

## To-morrow's Horoscope

FRIDAY, AUGUST 17, 1928

This is not an important day in planetary direction, according to astrology, but a benefic aspect dominates.

Women are supposed to be strongly influenced for their own welfare while this way prevails. It should be stimulating and helpful.

Love becomes of prime interest to many while this configuration continues, and should bring happiness to both men and women who let the head as well as the heart dictate.

Again the seers foretell drastic changes in motion pictures which will bring fame to new stars and tribulations for old ones.

The seers foretell the multiplication of small shops in which women are interested.

Older persons may be susceptible to romance to-day and they should watch

their steps because Saturn frowns on aged alliances.

Whatever pertains to beauty should benefit under this way which presages profit for painters and sculptors.

Children born on this day are likely to be endowed with brains and common sense, but they may be too generous for their own best interests.

These subjects of Leo usually see life in its largest relations and so plan careers that are important.

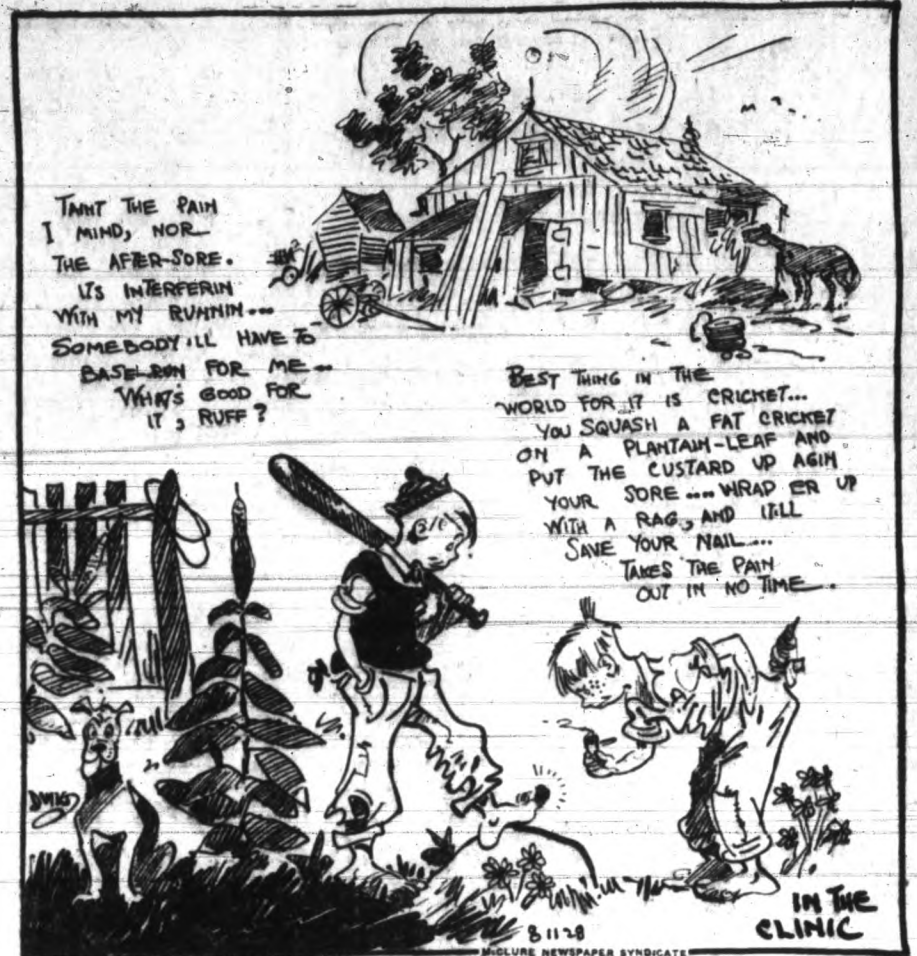

Persons whose birthdate it is should be careful in all business matters and especially in real estate deals. They may be over sanguine and should avoid changes in their associates.

**"White Shadows" is a Beautiful Film, But It Ought to be Dumb, Too**

**RAQUEL TORRES**

New York, Aug. 16.—White Shadows in the South Seas, the M-G-M first super-special of the new season, turns out to be a picture which would be more beautiful if it were dumb.

By which I mean that someone got the bright idea at the last moment to put some Hollywood sounds into the Marquessa Islands. Thus when the natives moan, sing or shout, the effect is that of a bunch of extras from Spring Street, Los Angeles, discussing an unpopular casting director or the Eight Original Hawaiians doing their ukulele number on "pan" time.

At this particular stage of the proceedings, it seems to me that the talkies should be known as "unsound pictures." And it further appears unfair of the producers to make cash customers pay for listening in on an experiment.

"White Shadows" would be an infinitely better picture without the Hollywood noises.

Personally, I'm fast getting ready to campaign against the talkies. In news reel pictures, the sounds are generally excellent. And the short subjects have frequently been good. George Bernard Shaw's certain speech was one of the best done to date. And Robert Benchley's latest rib tickler, "The Sex Life of the Polyp," done by Fox-Motion Pictures, is hilarious.

But Warner's white-tailed. The lights of New York, was awful. It reminds me of one of the good old film days when "The Big K" and "A Train Robbery" was not movie stuff.

Paramount brought out Richard Dix in a baseball picture "With Sound." Dix managed to hit the ball all right, but the sound machine needed a lot of practice. It fanned repeatedly, the noises sometimes being several seconds behind the action. And so it has gone.

"White Shadows" has some of the most beautiful shots to be found on the screen since Moana. And, in spite of the intrusion of Hollywood melodrama, it has been honest in presenting its sermon. This sermon was preached by Frederick O'Brien, in the book of stories from which the picture's name and sermon are taken. Otherwise all resemblance is missing.

It is further noteworthy for the first appearance upon the screen of the lovely Raquel Torres, who comes from Mexico and who did so splendidly in this picture that she is now being cast in the role of a Spanish girl in a forthcoming picture of early California days.

Monte Blue is the "outcast." But just how much of the picture can be credited to the direction of W. S. Van Dyke it is difficult to say. Director Flaherty, who made "Moana," was sent down to Tahiti with the company to supervise, but after making a number of scenic shots, left summarily. So did Frederick O'Brien, the author. I'm told O'Brien argued over the story time in making the picture. Perhaps the weak portions of the film can be attributed to their walk-outs.

**AT THE THEATRES**

**OLD FAVORITE OF STAGE NOW AT COLUMBIA**

One of the most reliable "trouper" before the camera to-day is Sheldon Lewis. He has a prominent role in "The Cruise of the Hellion," Rayner's newest cinematographic offering which is now at the Columbia Theatre, there to remain for three more days.

Lewis' theatrical career started upon the legitimate stage; after twenty-five years as leading man for Mrs. Plake, Ada, Kahan, Blanche Walsh and many others, he transferred his activities to the screen.

He has a splendid role in "The Cruise of the Hellion" and even in the company of such gifted artists as Tom Santschi, Edna Murphy, Donald Keith and many others of a like calibre, he makes his characterizations stand out, which will be long remembered.

**MONTIE BLUE IS STAR IN FILM NOW AT VARIETY**

Monte Blue, star of Warner Bros. "The Brute," now showing at the Variety Theatre, says that he believes his characterization of "Easy-Going" Randall (The Brute) is his best to date. "I gave it all I had," he says, in a letter to a friend, "and when we previewed it the audience broke into applause a number of times. You will not be disappointed in 'The Brute.'"

**MARY ASTOR IS STAR IN FILM AT PLAYHOUSE**

Mary Astor's brown eyes were adjudged too beautiful to be hidden by a bandage when she plays "blind" in a short sequence of "Easy-Going" Randall (The Brute) at the Playhouse Theatre. She she learned the aristocratic trick of staring right through things in order to simulate blindness with her eyes open! She is co-starring with Lloyd Hughes in this highly entertaining First National Picture.

**CLARA BOW AND RICHARD ARLEN PLAYING HERE**

When it comes to eating, Richard Arlen, Clara Bow's leading man in her latest starring picture, "Ladies of the Mob," which is showing at the Dominion Theatre, is right on the job. As a hostess, a busy socialite and mistress no opportunity to satisfy it. "Was not always thus, however. Not so long ago, Dick arrived in Hollywood, alone and inexperienced, seeking a place in the movies. Those were lean days for the young player and he turned his hand to many things to provide himself with food. He played professional hockey as one means of keeping the wolf from the door."

**CAPITOL PICTURE HAS TWO LEADING LADIES THIS WEEK**

An unusual situation prevails in Adolphe Menjou's latest Paramount production entitled "A Night of Mystery," now showing at the Capitol Theatre, in that there are two leading ladies in the production. They are Evelyn Brent and Nora Lane. The honors are equally divided in the picture.

Miss Lane is best known for her work opposite Fred Thomson, Paramount's Western star, in "Jesse James" and "The Pioneer Scout." With these two productions, her ability as a screen actress was firmly stamped, and attracted Paramount studio executives, being selected to appear in the Menjou picture.

On the stage at the Capitol Theatre for this week the specialties include Robin and Hood in a novelty-fantasy, Betty Fanson, a clever acrobatic dancer, Bruce Hamilton, the well-known American tenor, in song selections, along with the concert orchestra, and Harold Bechtel, the popular M. C., singing "The Tutti Frutti Song."
